

Baggage Information

Free Baggage Allowance (FBA)

Free Baggage Allowance (FBA) is the amount of check-in baggage AirSWIFT allows per passenger to bring as indicated in the passenger ticket.

Each fare class has its own Free Baggage Allowance from Value Fare and Premium Fare with 10 kilograms. FBA is valid during the entire journey as indicated on the ticket. Excess Baggage Fees will be collected upon exceeding of the baggage allowance.

For health and safety reasons, AirSWIFT will not accept check-in items that exceeds 30 kilograms, and airport mobility equipment cannot accommodate beyond this weight. It is advisable to pack in separate baggage, not exceeding 30 kilograms each.

For safety reasons, operational restrictions limit the baggage allowance a passenger can purchase. Whenever prepaid baggage cannot be accommodated due to space limitation, this will be loaded onto the next available flight with same origin and destination, in accordance to the airline's policies and procedures.

Prepaid Baggage

Prepaid Baggage is a special service offered by AirSWIFT, allowing passengers to carry more than the free baggage allowance for a fee.

These are sold to passengers from the time of booking, up to four (4) hours prior to the published Estimated Time of Departure. PBs can be purchased through AirSWIFT Ticket Sales office, from our Call Center, Travel Agents and thru Online Booking. Passengers who checked-in prior to the four (4) hours' time cut-off, they cannot avail the Prepaid Baggage.

Cabin Baggage Policy
